

Hacker Holidays 2026 – Day 6

Overheard at Breakfast

TODAY'S ITINERARY

- ☐ Analyze the provided conversation for identifying details
- ☐ Extract the relevant clues
- ☐ Locate the hidden account
- ☐ Submit the flag

In this challenge for the Hacker Holidays, we're asked to analyze an online conversation for sensitive information and identify a hidden online account

Hacker Holidays 2026 – Day 6

Overheard at Breakfast

Though I'm still out there, I used to use this free tool that let me upload my profile and link
Started with a G if I remember correctly.

But if anything this is my best way of communication: lambobytelotushotel@gmail.com

After downloading and examining, the picture file,
we see these details...

✦ AI Overview

The tool you are thinking of is [Gravatar](#), which stands for Globally Recognized Avatar. It is a free service that lets you link your email address to a profile picture, bio, and social media links so your identity follows you across different websites.  Gravatar +1

If we use an AI chatbot to inquire about this kind of service, it responds with Gravatar

Email Checker

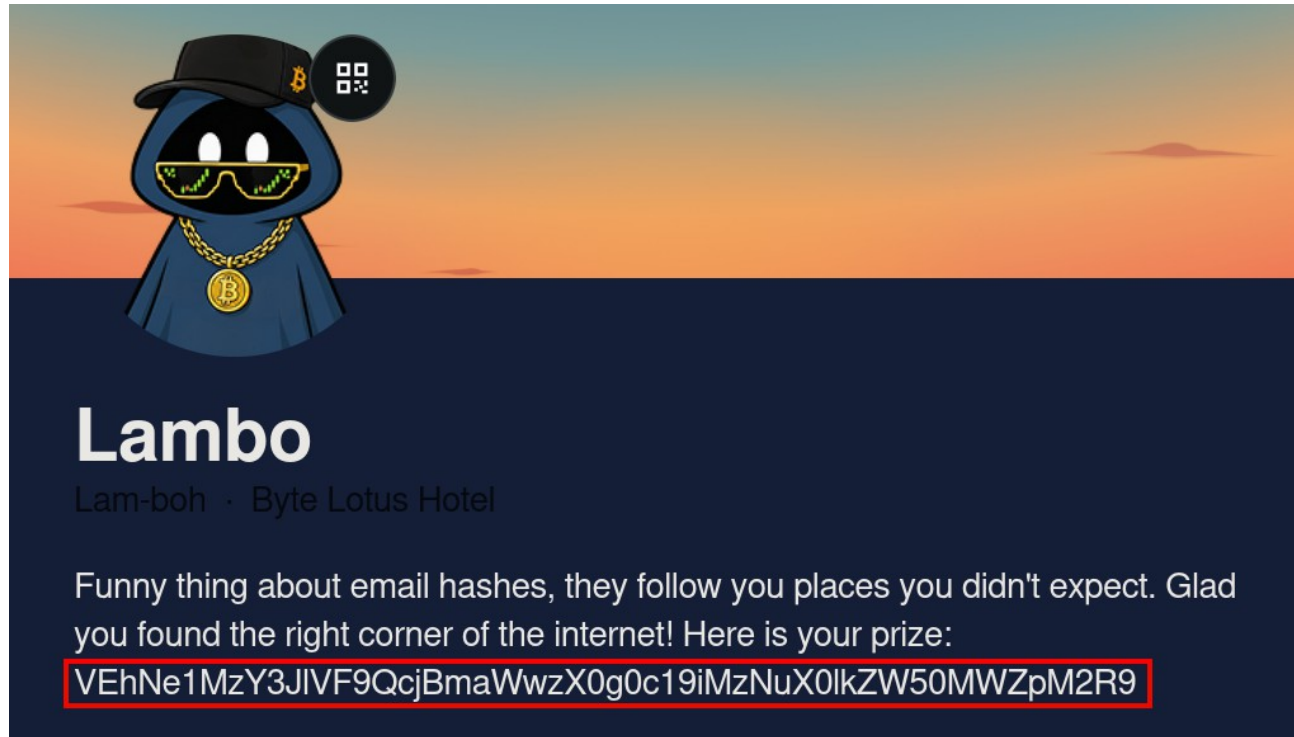

Check your Gravatar image by entering your email address into the form below. If you have recently changed your Gravatar, it may take up to 10 minutes for changes to take effect.

Have you cleared your browser cache? [Invalidate cache](#)

And after a little more research, we see that Gravatar has an email check function, which allows us to lookup Gravatar accounts from their email addresses
